

## APPLICATION FORM | PORTFOLIO REVIEW 2018

by Freundeskreises des Hauses der Photographie e.V. in cooperation with the 7<sup>th</sup> Triennial of Photography Hamburg

Thank you for your interest in the new-format Portfolio Review of the Freundeskreis des Hauses der Photographie and 7<sup>th</sup> Triennial of Photography Hamburg 2018!

### About the event

The new concept of a two-day Portfolio Review provides due to his contemporary workshop character an intense exchange at eye level and provides potential to develop ideas – an enrichment for all participants.

On the first day, the experts present themselves in a shared presentation. Afterwards, every photographer presents his or her person and work in a 3-minutes-presentaion. During a portfolio walk, everybody has the chance to speak with his or her favourites, decide with whom they want to have a closer conversation the next day and make appointments.

On the second day the individual consulting takes place. Every participant meets four different experts for 30 minutes of reviewing. After all sessions, there is time for additional and informal meetings.

The best portfolios, which are chosen democratically by all participants will be honoured during the Triennial Night of Photography, as a closing ceremony of the project.

### You will have the chance to meet these international experts:

- Peggy Sue Amison / Eastwing Dubai, USA
